Re: Transmittal of Final Technical Memorandum No. 2, Modifications to Field Activities

Dear Randy:

Enclosed are twelve copies of the Final Technical Memorandum No. 2 for EG&G, DOE, and the agencies. The document was revised based on EG&G, EPA, and CDH comments received on June 4, May 6, and April 22, 1993, respectively. Submittal of the document is in accordance with the schedule communicated with EG&G. The agencies have requested receipt of this Technical Memorandum by June 7, 1993 for final approval.

Please call with any questions you have regarding the revised document.

Sincerely,
